Patty, I know this is hard to believe. But WE HAVE NEW GUIDANCE FROM HEADQUARTERS. Please send out an email to the earlier group telling them to put everything on hold. We will be issuing new guidance on Monday. Sorry for this complication.

**Subject:** RE: Gold King Mine Account

I just got out of a meeting with Headquarters and Region 6, 8, 9, and regions that are helping with the spill. It was decided that the visiting region will pay for their employee's regular salary and travel, and that the hosting region (Region 6) 6 will pay for the visiting region's overtime.

This also effects people in Region 6 from divisions other than Superfund. The non-Superfund Division will pay for the individual's regular salary which will entail the employee charging to their division's org code, and to the Superfund Site ID of A6LS, and Superfund will pay for the other division's travel and overtime, using the Superfund division org code of 06L.

This will require staff from non-Superfund divisions to have two separate accounts in People Plus, one account for regular time and another account for overtime.

Patty Sonntag, could you please help us by notifying the other AO's/PA's.
